

Functioning of EOC

- Call is received at 1077 about any disaster in Delhi
- The call is verified and the detail of the situation is taken
- The lifelines i.e. fire, police, ambulances and CATS are informed
- Simultaneously, District DMA Chairman is also informed telephonically, through TETRA and SMS along with the other officials of the district and at the HQ
- The concerned ESF is then informed about the incident
- The search and rescue team is alerted and they leave for the spot
- Other Disaster management centers established are also alerted
- Regular update is taken about the rescue operation
- Chairman of the District DDMA takes the final decision about closing of rescue operation at the site.
